49

50 Dr. Horn reported on her attendance and participation in the Association of State and 51 Provincial Psychology Boards' (ASPPB) 30th Midyear Meeting held April 16 through 19, 2015, in Atlanta, Georgia. The topic of the meeting was "Competency is Not Forever -52 53 Maintaining Professional Competence and Avoiding Professional Incapacity." She stated that the speakers addressed the need to make distinctions between incapacity 54 and incompetency, and reviewed the types of actions regulators may take when 55 56 addressing actions involving an impaired licensee versus an incompetent licensee. She 57 indicated that the question of whether or not licensees should have to demonstrate their continued competency to practice was discussed, and methods of how that could be 58 59 achieved were considered.
