72-Month Limitation for Psychological Assistant Registration:

As a result of technical barriers the Board has encountered, the date the Board will use to calculate the 72-month limit has changed from October 23, 2010 to October 23, 2011, one year after the implementation date of the regulation.

A notice, dated September 20, 2016, was mailed to psychological assistants who are affected by the 72-month registration limitation period pursuant to Section 1391.1 of the California Code of Regulations. The objective of the notice was to inform psychological assistants of a change to the start-date in calculating the 72-month deadline for psychological assistant registrations.

Pathway to Licensure:

The Licensing Committee is continuing their review of all statutes and regulations affecting the pathways to licensure (i.e.: supervision requirements, psychological assistants, primary and delegated supervisor's responsibilities, out-of-state experience, etc.). It is anticipated that the Licensing Committee will complete their review at their January 2017 meeting. Once completed, staff will work with the Department of Consumer Affairs' SOLID training unit to coordinate a northern and southern California meeting with stakeholders to participate in a final review at a Licensing Committee meeting some time between Spring and Summer, 2017. All suggested changes would then go before the full Board for review and approval.
