<b>SUBJECT</b>	Agenda Item #5(b)(1)(D) – AB 1188 (Nazarian) Health Professionals Development: Loan Repayment

### **Background:**

This bill would increase the biennial fee collected at the time of renewal from specified Board of Psychology (Board) and Board of Behavioral Sciences (BBS) licensees from \$10.00 to \$20.00, which would be deposited in the Mental Health Practitioner Education Fund. This bill would also allow licensed professional clinical counselors and professional clinical counselor interns to be eligible for grants to reimburse education loans, and add a fee of \$20.00 at the time of renewal for Licensed Professional Clinical Counselors and interns, which would be deposited in the Mental Health Practitioner Education Fund. These provisions would become effective July 1, 2018.

This bill would increase the amount of Mental Health Practitioner Education Fund grants available to Board licensees and would help increase access to mental health services in underserved and vulnerable communities in California.

At its April 21 Board Meeting, the Board took a Support position on AB 1188. Since that time, Board staff sent letters of support to legislative offices in preparation for the appropriate Assembly and Senate Committee hearings. At the May 26 Assembly Committee on Appropriations hearing, the bill was amended to include a delayed implementation date of July 1, 2018. AB 1188 is scheduled for a hearing in the Senate Committee on Appropriations on August 21, 2017.

RE: **AB 1188 (Nazarian) – Health Professions Development: Loan Repayment – SUPPORT**

Dear Senator Kevin de León:

At its April 21, 2017 meeting, the Board of Psychology (Board) adopted a **Support** position on AB 1188 (Nazarian). This bill would increase the biennial fee collected at the time of renewal from \$10.00 to \$20.00 for specified licensees of the Board of Psychology (Board) as well as the Board of Behavioral Sciences (BBS), which would be deposited in the Mental Health Practitioner Education Fund.

The Board supports and agrees with the author's desire to increase access to mental health care for underserved communities by providing larger incentives to licensees who are working with these vulnerable populations. The Mental Health Practitioner Fund distributes grants to eligible mental health professionals that work in underserved communities to reimburse educational loans accrued for the purpose of becoming a licensed mental health provider. By increasing the fees deposited to the Mental Health Practitioner Fund, more grants will be awarded to psychologists and other mental health providers, which will result in more providers serving vulnerable populations in underserved communities in California. Additionally, this bill would increase the amount of funds available for loan repayment and therefore assist psychologists and other mental health professionals in reducing their student loan debt.

The Board's mission is to advance quality psychological services for Californians by ensuring ethical and legal practice and supporting the evolution of the profession.

For these reasons, the Board asks for your "**Aye**" vote when AB 1188 is heard on the Senate Floor. If you have any questions or concerns, please feel free to contact the Board's Executive Officer, Antonette Sorrick, at (916) 574-7113. Thank you.

Sincerely,
