Location: Assembly Committee on Health

Status: 02/27/2017 Referred to Assembly Committee on Health

Action Requested:

No action is required at this time. Staff will continue to watch AB 488 (Kiley) for potential improvements to the oversight of the Mental Health Services Fund and programs funded by the Mental Health Services Fund.

**AB-488 Mental Health Services Act.** (2017-2018)**SECTION 1.** *The Legislature finds and declares all of the following:*

(a) *Proposition 63 (2004) is an important initiative to improve the lives and health of Californians by reducing the adverse impacts from untreated serious mental illness.*

(b) *Left untreated, mental illness may result in prolonged suffering and is the leading cause of suicide and disability. Without intervention, those suffering from untreated mental illness may be incarcerated, drop out of school, or become unemployed or homeless.*

(c) *Since 2004, the Mental Health Services Act has generated \$14.6 billion and now comprises almost one-quarter of the state's mental health care budget.*

(d) *Currently, over 2.2 million Californians have a mental health need, and just over one-half of those with these needs reported that they did not receive any treatment from a primary care doctor or a mental health professional.*

(e) *Since 2013, and as recently as September 2016, the California State Auditor's Office and the Little Hoover Commission, respectively, have reported a continued failure to keep promises made to voters in 2004 with the passage of Proposition 63, the Mental Health Services Act, largely due to an ineffective governance system that has no oversight or accountability structure.*

(f) *The State Department of Health Care Services has been slow to publicly post county plans and reports of fiscal transparency. Currently, no state agency reviews, analyzes, or summarizes information supplied by local governments to ensure compliance with the Mental Health Services Act.*

SEC. 2. Section 5813.5 of the Welfare and Institutions Code is amended to read:

5813.5. Subject to the availability of funds from the Mental Health Services Fund, the state shall distribute funds for the provision of services under Sections 5801, 5802, and 5806 to county mental health programs. Services shall be available to adults and seniors with severe illnesses who meet the eligibility criteria in subdivisions (b) and (c) of Section 5600.3. For purposes of this act, seniors means older adult persons identified in Part 3 (commencing with Section 5800) of this division.

(a) Funding shall be provided at sufficient levels to ensure that counties can provide each adult and senior served pursuant to this part with the medically necessary mental health services, medications, and supportive services set forth in the applicable treatment plan.

(b) The funding shall only cover the portions of those costs of services that cannot be paid for with other funds including other mental health funds, public and private insurance, and other local, state, and federal funds.

(c) Each county mental health program's plan shall provide for services in accordance with the system of care for adults and seniors who meet the eligibility criteria in subdivisions (b) and (c) of Section 5600.3.

(d) Planning for services shall be consistent with the philosophy, principles, and practices of the Recovery Vision for mental health consumers:

(1) To promote concepts key to the recovery for individuals who have mental illness: hope, personal empowerment, respect, social connections, self-responsibility, and self-determination.

(2) To promote consumer-operated services as a way to support recovery.

(3) To reflect the cultural, ethnic, and racial diversity of mental health consumers.

(4) To plan for each consumer's individual needs.

(e) The plan for each county mental health program shall indicate, subject to the availability of funds as determined by Part 4.5 (commencing with Section 5890) of this division, and other funds available for mental health services, adults and seniors with a severe mental illness being served by this program are either receiving services from this program or have a mental illness that is not sufficiently severe to require the level of services required of this program.

(f) Each county plan and annual update pursuant to Section 5847 shall consider ways to provide services similar to those established pursuant to the Mentally Ill Offender Crime Reduction Grant Program. Funds shall not be used to pay for persons incarcerated in state prison or parolees from state prisons. When included in county plans pursuant to Section 5847, funds may be used for the provision of mental health services under Sections 5347 and 5348 in counties that elect to participate in the Assisted Outpatient Treatment Demonstration Project Act of 2002 (Article 9 (commencing with Section 5345) of Chapter 2 of Part 1).

(g) The ~~department~~ *Mental Health Services Fund Transparency and Accountability Office* shall contract for services with county mental health programs pursuant to Section 5897. After the effective date of this section, the term grants referred to in Sections 5814 and 5814.5 shall refer to such contracts.

5840. (a) The ~~State Department of Health Care Services~~, *Mental Health Services Fund Transparency and Accountability Office*, in coordination with counties, shall establish a program designed to prevent mental illnesses from becoming severe and disabling. The program shall emphasize improving timely access to services for underserved populations.

(b) The program shall include the following components:

(1) Outreach to families, employers, primary care health care providers, and others to recognize the early signs of potentially severe and disabling mental illnesses.

(2) Access and linkage to medically necessary care provided by county mental health programs for children with severe mental illness, as defined in Section 5600.3, and for adults and seniors with severe mental illness, as defined in Section 5600.3, as early in the onset of these conditions as practicable.

(3) Reduction in stigma associated with either being diagnosed with a mental illness or seeking mental health services.

(4) Reduction in discrimination against people with mental illness.

(c) The program shall include mental health services similar to those provided under other programs effective in preventing mental illnesses from becoming severe, and shall also include components similar to programs that have been successful in reducing the duration of untreated severe mental illnesses and assisting people in quickly regaining productive lives.

(d) The program shall emphasize strategies to reduce the following negative outcomes that may result from untreated mental illness:

(1) Suicide.

(2) Incarcerations.

(3) School failure or dropout.

(4) Unemployment.

(5) Prolonged suffering.

(6) Homelessness.

(7) Removal of children from their homes.

(e) Prevention and early intervention funds may be used to broaden the provision of community-based mental health services by adding prevention and early intervention services or activities to these services.

(f) In consultation with mental health stakeholders, and consistent with regulations from the Mental Health Services Oversight and Accountability Commission, pursuant to Section 5846, the ~~department~~ *Mental Health Services Fund Transparency and Accountability Office* shall revise the program elements in Section 5840 applicable to all county mental health programs in future years to reflect what is learned about the most effective prevention and intervention programs for children, adults, and seniors.

SEC. 5. Section 5840.2 of the Welfare and Institutions Code is amended to read:

5840.2. The ~~department~~ *Mental Health Services Fund Transparency and Accountability Office* shall contract for the provision of services pursuant to this part with each county mental health program in the manner set forth in Section 5897.

(c) The office shall succeed to, and be vested with, all the duties, powers, responsibilities, and jurisdiction, vested in the State Department of Health Care Services, regarding oversight of the Mental Health Services Fund. (B) This paragraph does not grant the office the authority to create new types of penalties. It is the intent of the Legislature that, based on the findings and reporting by the office, future legislation be enacted to impose automatic, nondiscretionary penalties, to be gradually applied to noncompliant counties, beginning with minor penalties, and increasing in severity as noncompliance is continued after collaboration and technical assistance have been offered.

(C) A report to the Legislature pursuant to this paragraph shall be submitted in compliance with Section 9795 of the Government Code.

5892. (a) In order to promote efficient implementation of this act, the county shall use funds distributed from the Mental Health Services Fund as follows:

(1) In 2005-06, 2006-07, and in 2007-08, 10 percent shall be placed in a trust fund to be expended for education and training programs pursuant to Part 3.1.

(2) In 2005-06, 2006-07, and in 2007-08, 10 percent for capital facilities and technological needs distributed to counties in accordance with a formula developed in consultation with the County Behavioral Health Directors Association of California to implement plans developed pursuant to Section 5847.

(3) Twenty percent of funds distributed to the counties pursuant to subdivision (c) of Section 5891 shall be used for prevention and early intervention programs in accordance with Part 3.6 (commencing with Section 5840) of this division.

(4) The expenditure for prevention and early intervention may be increased in any county in which the ~~department-~~ *Mental Health Services Fund Transparency and Accountability Office* determines that the increase will decrease the need and cost for additional services to severely mentally ill persons in that county by an amount at least commensurate with the proposed increase.

(5) The balance of funds shall be distributed to county mental health programs for services to persons with severe mental illnesses pursuant to Part 4 (commencing with Section 5850) for the children's system of care and Part 3 (commencing with Section 5800) for the adult and older adult system of care.

(6) Five percent of the total funding for each county mental health program for Part 3 (commencing with Section 5800), Part 3.6 (commencing with Section 5840), and Part 4 (commencing with Section 5850) of this division, shall be utilized for innovative programs in accordance with Sections 5830, 5847, and 5848.

(b) In any year after 2007-08, programs for services pursuant to Part 3 (commencing with Section 5800) and Part 4 (commencing with Section 5850) of this division may include funds for technological needs and capital facilities, human resource needs, and a prudent reserve to ensure services do not have to be significantly reduced in years in which revenues are below the average of previous years. The total allocation for purposes authorized by this subdivision shall not exceed 20 percent of the average amount of funds allocated to that county for the previous five years pursuant to this section.

(c) The allocations pursuant to subdivisions (a) and (b) shall include funding for annual planning costs pursuant to Section 5848. The total of these costs shall not exceed 5 percent of the total of annual revenues received for the fund. The planning costs shall include funds for county mental health programs to pay for the costs of consumers, family members, and other stakeholders to participate in the planning process and for the planning and implementation required for private provider contracts to be significantly expanded to provide additional services pursuant to Part 3 (commencing with Section 5800) and Part 4 (commencing with Section 5850) of this division.

(d) Prior to making the allocations pursuant to subdivisions (a), (b), and (c), funds shall be reserved for the costs for the ~~State Department of Health-Care Services,~~ *Mental Health Services Fund Transparency and Accountability Office*, the California Mental Health Planning Council, the Office of Statewide Health Planning and Development, the Mental Health Services Oversight and Accountability Commission, the State Department of Public Health, and any other state agency to implement all duties pursuant to the programs set forth in this section. These costs shall not exceed 5 percent of the total of annual revenues received for the fund. The administrative costs shall include funds to assist consumers and family members to ensure the appropriate state and county agencies give full consideration to concerns about quality, structure of service delivery, or access to services. The amounts allocated for administration shall include amounts sufficient to ensure adequate research and evaluation regarding the effectiveness of services being provided and achievement of the outcome measures set forth in Part 3 (commencing with Section 5800), Part 3.6 (commencing with Section 5840), and Part 4 (commencing with Section 5850) of this division. The amount of funds available for the purposes of this subdivision in any fiscal year shall be subject to appropriation in the annual Budget Act.

(e) In 2004-05, funds shall be allocated as follows:

- (1) Forty-five percent for education and training pursuant to Part 3.1 (commencing with Section 5820) of this division.
- (2) Forty-five percent for capital facilities and technology needs in the manner specified by paragraph (2) of subdivision (a).
- (3) Five percent for local planning in the manner specified in subdivision (c).
- (4) Five percent for state implementation in the manner specified in subdivision (d).
- (f) Each county shall place all funds received from the State Mental Health Services Fund in a local Mental Health Services Fund. The Local Mental Health Services Fund balance shall be invested consistent with other county funds and the interest earned on the investments shall be transferred into the fund. The earnings on investment of these funds shall be available for distribution from the fund in future years.
- (g) All expenditures for county mental health programs shall be consistent with a currently approved plan or update pursuant to Section 5847.
- (h) Other than funds placed in a reserve in accordance with an approved plan, any funds allocated to a county that have not been spent for their authorized purpose within three years shall revert to the state to be deposited into the fund and available for other counties in future years, provided however, that funds for capital facilities, technological needs, or education and training may be retained for up to 10 years before reverting to the fund.
- (i) If there are still additional revenues available in the fund after the Mental Health Services Oversight and Accountability Commission has determined there are prudent reserves and no unmet needs for any of the programs funded pursuant to this section, including all purposes of the Prevention and Early Intervention Program, the commission shall develop a plan for expenditures of these revenues to further the purposes of this act and the Legislature may appropriate these funds for any purpose consistent with the commission's adopted plan that furthers the purposes of this act.

~~(j) For the 2011-12 fiscal year, General Fund revenues will be insufficient to fully fund many existing mental health programs, including Early and Periodic Screening, Diagnosis, and Treatment (EPSDT), Medi-Cal Specialty Mental Health Managed Care, and mental health services provided for special education pupils. In order to adequately fund those programs for the 2011-12 fiscal year and avoid deeper reductions in programs that serve individuals with severe mental illness and the most vulnerable, medically needy citizens of the state, prior to distribution of funds under paragraphs (1) to (6), inclusive, of subdivision (a), effective July 1, 2011, moneys shall be allocated from the Mental Health Services Fund to the counties as follows:~~

~~(2) Upon completion of the allocation in paragraph (1), the Controller shall distribute to counties ninety-eight million five hundred eighty-six thousand dollars (\$98,586,000) from the Mental Health Services Fund for mental health services for special education pupils based on a formula determined by the state in consultation with the County Behavioral Health Directors Association of California.~~

~~(3) Upon completion of the allocation in paragraph (2), the Controller shall distribute to counties 50 percent of their 2011-12 Mental Health Services Act component allocations consistent with Sections 5847 and 5891, not to exceed four hundred eighty-eight million dollars (\$488,000,000). This allocation shall commence beginning August 1, 2011.~~

~~(4) Upon completion of the allocation in paragraph (3), and as revenues are deposited into the Mental Health Services Fund, the Controller shall distribute five hundred seventy-nine million dollars (\$579,000,000) from the Mental Health Services Fund to counties to meet the General Fund obligation for EPSDT for the 2011-12 fiscal year. These revenues shall be distributed to counties on a quarterly basis and based on a formula determined by the state in consultation with the County Behavioral Health Directors Association of California. These funds shall not be subject to reconciliation or cost settlement.~~

~~(5) The Controller shall distribute to counties the remaining 2011-12 Mental Health Services Act component allocations consistent with Sections 5847 and 5891, beginning no later than April 30, 2012. These remaining allocations shall be made on a monthly basis.~~

~~(6) The total one-time allocation from the Mental Health Services Fund for EPSDT, Medi-Cal Specialty Mental Health Managed Care, and mental health services provided to special education pupils as referenced shall not exceed eight hundred sixty-two million dollars (\$862,000,000). Any revenues deposited in the Mental Health Services Fund in the 2011-12 fiscal year that exceed this obligation shall be distributed to counties for remaining fiscal year 2011-12 Mental Health Services Act component allocations, consistent with Sections 5847 and 5891.~~

~~(k) Subdivision (j) shall not be subject to repayment.~~

~~(l) Subdivision (j) shall become inoperative on July 1, 2012.~~
