1 industrial-organizational psychology, applied developmental psychology or  
2 consulting psychology, in which case the primary supervisor may be unlicensed.

3  
4 If the primary supervisor is unlicensed, the trainee must obtain a co-supervisor who  
5 is a licensed psychologist that meets the requirements of section 1387.1(c).

6  
7 (B) With the exception of psychological assistants who are accruing SPE in private  
8 practice settings, the primary supervisor may delegate supervision to other  
9 licensed mental health professionals who meet the requirements of section  
10 1387.1(b). If the trainee is accruing SPE as a psychological assistant in a private  
11 practice setting, the primary supervisor may not delegate any supervisory  
12 responsibilities.

13  
14 (2) Trainees shall have no proprietary interest in the business of the primary or  
15 delegated supervisor(s) and shall not serve in any capacity that would hold  
16 influence over the supervisor(s)' judgment in providing supervision.

17

19 additional ten (10) percent of that time. Of the time spent in supervision, a  
20 minimum of one (1) hour per week must be in direct, individual supervision with the

22 delegated, or co-supervisor(s). Time spent in supervision can be counted toward  
23 the trainee's SPE. A maximum of 44 hours per week can be credited toward SPE.  
24 For example, a trainee who works 40 hours per week must receive four (4)  
25 additional hours of supervision, one (1) hour of which must be direct, individual  
26 supervision with their primary supervisor and three (3) hours per week in either  
27 individual or group supervision with their primary, delegated, or co-supervisor(s) for  
28 a total of 44 hours of SPE.

29  
30 (4) No supervisor shall request, receive, or facilitate the receipt of payment,  
31 monetary or otherwise, from the trainee as a condition for the accrual of SPE.

32  
33 (5) Experience gained while the trainee is functioning under another mental health  
34 license shall not be credited toward meeting the SPE requirements for licensure.

35  
36 (6) Prior to the start of the experience, the primary supervisor and the trainee shall  
37 together prepare an agreement (“Agreement”) that outlines the structure and  
38 sequence of the planned program of supervision to accomplish the goals and  
39 objectives of the experience. The original agreement shall accompany the

- 5       • Attestation that both the supervisor and trainee have discussed and
- 6       understand each term of SPE as required in sections 1387, 1387.1, 1387.4,
- 7       1387.5 of the Business and Professions Code.

8  
9       Hours accrued prior to preparing such an agreement result in those hours not  
10      counting toward the licensure requirements.

11  
12      (7) Once the SPE outlined in the Agreement has been completed, the primary  
13      supervisor shall submit to the trainee both the Agreement, unless previously  
14      submitted to the Board pursuant to section 1387 (c)(6), and a verification of the  
15      experience form signed by the primary supervisor under penalty of perjury, in a  
16      sealed envelope, signed across the seal by the primary supervisor, for submission  
17      to the Board by the trainee along with his or her application for licensure or  
18      registration. The verification shall certify to completion of the hours consistent with  
19      the terms of the Agreement and contain the following information:

- 21      • Name, license number and contact information of the supervisor

28      trainee demonstrated an overall performance at or above the level of competence  
29      expected for the trainee’s level of education, training and experience.

30      When SPE is accrued in a formal pre-doctoral internship or post-doctoral training  
31      program, the program’s training director shall be authorized to perform the  
32      verification and rating duties of the primary supervisor provided that the internship  
33      training director is a licensed psychologist who possesses a valid, active license  
34      free of any disciplinary action.

35  
36      If the SPE is not consistent with the terms of the agreement or if the trainee did not  
37      demonstrate an overall performance at or above the level of competence expected  
38      for the trainee’s level of education, training and experience, the SPE shall not  
39      count towards the licensure requirements.

40  
41      (8) The trainee shall maintain a written weekly log of all hours of SPE earned  
42      toward licensure, in accordance with section 1387.5.

43  
44      (9) Failure to comply with the requirements of this section shall be considered  
45      unprofessional conduct and may subject the supervisor to disciplinary action.
