

MEMORANDUM

DATE	April 27, 2018
TO	Board of Psychology
FROM	 Cherise Burns Central Services Manager
SUBJECT	Agenda Item #21(b)(2)(D) – AB 1896 (Cervantes) Sexual Counselor-Victim Privilege

Background:

Current law dictates that a victim of sexual assault may refuse to disclose, and prevent others from disclosing, confidential communication between the victim and the sexual assault counselor. Current law defines a “sexual assault counselor” to include a person who is in any office, hospital, institution, or center commonly known as a rape crisis center, whose primary purpose is the rendering of advice or assistance to victims of sexual assault.

AB 1896 (Cervantes) would include an individual who is engaged in a program on the campus of a public institution of higher education, whose primary purpose is the rendering of advice or assistance to victims of sexual assault and who has received a certificate verifying the completion of a training program in the counseling of sexual assault victims in the definition of a “sexual assault counselor” thereby extending the privilege to these individuals. This bill would also require these individuals meet the same education and/or training requirements as sexual assault counselors providing services at a rape crisis center.

AB-1896 Sexual assault counselor-victim privilege. (2017-2018)

SECTION 1. *The Legislature finds and declares all of the following:*

(a) The incidents of sexual assault occurring on college campuses is a growing and pervasive problem in California and across the United States.

(b) According to the Rape, Abuse & Incest National Network, 11.2 percent of college students in the United States experience rape or other forms of sexual assault.

(c) There have been high-profile incidents of sexual assault at several universities in California.

(d) Enduring incidents of sexual assault can negatively affect the physical and mental health of a student survivor, as well as hamper academic outcomes.

(e) Sexual assault counselors are an invaluable resource to student survivors of sexual assault, and provide them with essential services and support.

(f) Existing law, specifically Section 1035.2 of the Evidence Code, provides a legal privilege for confidential communications between sexual assault counselors and survivors.

(g) However, there is uncertainty among practicing sexual assault counselors as to whether this privilege extends to counselors who provide these services and support to students on college campuses.

(h) The intent of this act is to remove that uncertainty, and declare that this privilege extends to sexual assault counselors who practice at college campuses and has done so since the creation of the privilege.

(i) The amendments to Section 1035.2 of the Evidence code made by this act do not establish or support in any way that the privilege was not conferred on sexual assault counselors who practiced on college campuses before the enactment of those amendments.

(j) This act is intended as a signal that the privilege existed previously and will continue to exist after its enactment.

SECTION 1. SEC. 2. Section 1035.2 of the Evidence Code is amended to read:

1035.2. As used in this article, "sexual assault counselor" means any of the following:

(a) A person who is engaged in any office, hospital, institution, or center commonly known as a rape crisis center, whose primary purpose is the rendering of advice or assistance to victims of sexual assault and who has received a certificate evidencing completion of a training program in the counseling of sexual assault victims issued by a counseling center that meets the criteria for the award of a grant established pursuant to Section 13837 of the Penal Code and who meets one of the following requirements:
