Any person applying for a license, registration, or the first renewal of a license, after the effective date of this section, as a licensed marriage and family therapist, a licensed clinical social worker, a licensed psychologist, research psychoanalyst, or a licensed professional clinical counselor shall, in addition to any other requirements, show by evidence satisfactory to the agency regulating the business or profession, that they have completed training in human sexuality as a condition of licensure or registration. The training shall be creditable toward continuing education or continuing professional development requirements as deemed appropriate by the agency regulating the business or profession, and the course shall not exceed more than 50 contact hours.

The Board of Psychology shall exempt from the requirements of this section any persons whose field of practice is such that they are not likely to have use for this training.

“Human sexuality” as used in this section means the study of a human being as a sexual being and how a human being functions with respect thereto.

The content and length of the training shall be determined by the administrative agency regulating the business or profession and the agency shall proceed immediately upon the effective date of this section to determine what training, and the quality of staff to provide the training, is available and shall report its determination to the Legislature on or before July 1, 1977.

If a licensing board or agency proposes to establish a training program in human sexuality, the board or agency shall first consult with other licensing boards or agencies

*(Amended by Stats. 2019, Ch. 351, Sec. 3. (AB 496) Effective January 1, 2020.)*

**28.**

(a) The Legislature finds that there is a need to ensure that professionals of the healing arts who have demonstrable contact with victims and potential victims of child, elder, and dependent adult abuse, and abusers and potential abusers of children, elders, and dependent adults are provided with adequate and appropriate training regarding the assessment and reporting of child, elder, and dependent adult abuse that will ameliorate, reduce, and eliminate the trauma of abuse and neglect and ensure the reporting of abuse in a timely manner to prevent additional occurrences.

(b) The Board of Psychology and the Board of Behavioral Sciences shall establish required training in the area of child abuse assessment and reporting for all persons applying for initial licensure and renewal of a license as a psychologist, clinical social worker, professional clinical counselor, or marriage and family therapist, or registration as a research psychoanalyst. This training shall be required one time only for all persons applying for initial licensure, initial registration, or for renewal of licensure or registration renewal.

(c) All persons applying for initial licensure or renewal of a license as a psychologist, clinical social worker, professional clinical counselor, or marriage and family therapist, or registration or renewal of a registration as a research psychoanalyst shall, in addition to all other requirements for licensure, registration or renewal, have completed coursework or training in child abuse assessment and reporting that meets the requirements of this section, including detailed knowledge of the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code). The training shall meet all of the following requirements:

(1) Be obtained from one of the following sources:

(A) An accredited or approved educational institution, as defined in Sections 2902, 4980.36, 4980.37, 4996.18, and 4999.12, including extension courses offered by those institutions.

(B) A continuing education provider as specified by the responsible board by regulation.

(C) A course sponsored or offered by a professional association or a local, county, or state department of health or mental health for continuing education and approved or accepted by the responsible board.

(2) Have a minimum of seven contact hours.

(3) Include the study of the assessment and method of reporting of sexual assault, neglect, severe neglect, general neglect, willful cruelty or unjustifiable punishment, corporal punishment or injury, and abuse in out-of-home care. The training shall also include physical and behavioral indicators of abuse, crisis counseling techniques, community resources, rights and responsibilities of reporting, consequences of failure to report, caring for a child's needs after a report is made, sensitivity to previously abused children and adults, and implications and methods of treatment for children and adults.

(4) An applicant shall provide the appropriate board with documentation of completion of the required child abuse training.

(d) The Board of Psychology and the Board of Behavioral Sciences shall exempt an applicant who applies for an exemption from this section and who shows to the satisfaction of the board that there would be no need for the training in the applicant's practice because of the nature of that practice.

(e) It is the intent of the Legislature that a person licensed as a psychologist, clinical social worker, professional clinical counselor, or marriage and family therapist, or registered as a research psychoanalyst have minimal but appropriate training in the areas of child, elder, and dependent adult abuse assessment and reporting. It is not intended that, by solely complying with this section, a practitioner is fully trained in the subject of treatment of child, elder, and dependent adult abuse victims and abusers.

(f) The Board of Psychology and the Board of Behavioral Sciences are encouraged to include coursework regarding the assessment and reporting of elder and dependent adult abuse in the required training on aging and long-term care issues prior to licensure, registration, or renewal of a license ~~renewal~~ or registration.

*(Amended by Stats. 2019, Ch. 351, Sec. 5. (AB 496) Effective January 1, 2020.)*

**490. Grounds for suspension or revocation; Discipline for substantially related crimes; Conviction; Legislative findings**

(a) In addition to any other action that a board is permitted to take against a licensee, a board may suspend or revoke a license on the ground that the licensee has been convicted of a crime, if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the license was issued.

(b) Notwithstanding any other provision of law, a board may exercise any authority to discipline a licensee for conviction of a crime that is independent of the authority granted under subdivision (a) only if the crime is substantially related to the qualifications, functions, or duties of the business or profession for which the licensee's license was issued.

(c) A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. An action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code.

(d) The Legislature hereby finds and declares that the application of this section has been made unclear by the holding in *Petropoulos v. Department of Real Estate* (2006) 142 Cal.App.4th 554, and that the holding in that case has placed a significant number of statutes and regulations in question, resulting in potential harm to the consumers of California from licensees who have been convicted of crimes. Therefore, the Legislature finds and declares that this section establishes an independent basis for a board to impose discipline upon a licensee, and that the amendments to this section made by Chapter 33 of the Statutes of 2008 do not constitute a change to, but rather are declaratory of, existing law.

*(Amended by Stats. 2010, Ch. 328, Sec. 2. (SB 1330) Effective January 1, 2011.)*

**726. (sexual relations)**

**2966. Suspension during incarceration for felony conviction; Determination of substantial relationship of felony to functions of psychologist; Discipline or denial of license or registration**

(a) A psychologist's license, or psychological associate or research psychoanalyst or student research psychoanalyst registration shall be suspended automatically during any time that the holder of the license is incarcerated after conviction of a felony, regardless of whether the conviction has been appealed. The board shall, immediately upon receipt of the certified copy of the record of conviction, determine whether the license of the psychologist or registration has been automatically suspended by virtue of the psychologist's licensee's or registrants' incarceration, and if so, the duration of that suspension. The board shall notify the psychologist licensee or registrant of the license or registration suspension and of the right to elect to have the issue of penalty heard as provided in this section.

(b) Upon receipt of the certified copy of the record of conviction, if after a hearing it is determined therefrom that the felony of which the licensee or registrant was convicted was substantially related to the qualifications, functions, or duties of a psychologist licensee or registrant, the board shall suspend the license or registration until the time for appeal has elapsed, if an appeal has not been taken, or until the judgment of conviction has been affirmed on appeal or has otherwise become final, and until further order of the board. The issue of substantial relationship shall be heard by an administrative law judge sitting alone or with a panel of the board, in the discretion of the board.

(c) Notwithstanding subdivision (b), a conviction of any crime referred to in Section 187, 261, 288, or former Section 262, of the Penal Code shall be conclusively presumed to be substantially related to the qualifications, functions, or duties of a psychologist licensee or registrant and a hearing shall not be held on this issue. Upon its own motion or for good cause shown, the board may decline to impose or may set aside the suspension when it appears to be in the interest of justice to do so, with due regard to maintaining the integrity of and confidence in the psychology profession.

(d) (1) Discipline or the denial of the license or registration may be ordered in accordance with Section 2961, or the board may order the denial of the license or registration when the time for appeal has elapsed, the judgment of conviction has been affirmed on appeal, or an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw a plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, complaint, information, or indictment.

(2) The issue of penalty shall be heard by an administrative law judge sitting alone or with a panel of the board, in the discretion of the board. The hearing shall not be commenced until the judgment of conviction has become final or, irrespective of a subsequent order under Section 1203.4 of the Penal Code, an order granting probation has been made suspending the imposition of sentence; except that a licensee or registrant may, at the licensee's option of the licensee or registrant, elect to have the issue of penalty decided before those time periods have elapsed. Where the licensee or registrant so elects, the issue of penalty shall be heard in the manner described in this section at the hearing to determine whether the conviction was substantially related to the qualifications, functions, or duties of a psychologist, a registered psychological associate, a research psychoanalyst, or a student research psychoanalyst. If the conviction of a licensee or registrant who has made this election is overturned on appeal, any discipline ordered pursuant to this section shall automatically cease. This subdivision does not prohibit the board from pursuing disciplinary action based on any cause other than the overturned conviction.

(e) The record of the proceedings resulting in the conviction, including a transcript of the testimony therein, may be received in evidence.
